Prophet Nuh (a) And The Ark

Kisa Kids Publications
Under the Guidance of Moulana Nabi R. Mir (Abidi)

Prophet Nuh (a) was a special Prophet who taught people about Allah. One day, he stood on top of a big rock and started talking to the people. He said, “O people! Believe in Allah! Make good choices so you can make Allah happy and go to Jannah!” Some people stood in the back, whispering about Prophet Nuh (a) and laughing at him. They were very mean! Prophet Nuh (a) tried to help the people for a very long time, but they didn’t listen.

Finally, one day, Allah shared some very important news with him. He told Prophet Nuh (a) to build a very big ship. You see, Allah was going to make it rain a lot! So, the ship would save Prophet Nuh (a) and all the good people.

Prophet Nuh (a) started building the ship right away. Day after day, he worked very hard. Soon, people began passing by, wondering what he was doing. He told them that he was building a large ship! Some of the mean people started to make fun of him. They teased, “Why are you making a ship? There is no water!”

Prophet Nuh (a) trusted Allah, so he kept working very hard. Finally, after many years, the ship was complete. This wasn't just any old ship, though. He had made an ark, which is a very large ship!

Allah told Prophet Nuh (a) to put two of each animal on the ship. He put two lions, two rabbits, two sheep and many other animals.

Suddenly, dark clouds covered the sky, and it started raining very hard! It was raining so hard that water began covering and flooding the ground. Prophet Nuh (a) and the good people said, "*Bismillahir Rahmaanir Raheem*," and quickly started getting onto the ship!

Prophet Nuh (a) trusted Allah, and Allah kept His promise. He saved Prophet Nuh (a), all the good people, and the animals.

Holy Quran 11:37-41 , 23:27-30

Prophet Nuh (a) And The Ark

In *Prophet Nuh (a) and the Ark*, Allah commanded him to build an ark to prepare for the flood. Because Prophet Nuh (a) trusted Allah, He protected him and the other believers from harm.
